The model budget, including financial statements, has been prepared in accordance with the requirements of the *Local Government Act 2020* and the *Local Government (Planning and Reporting) Regulations 2014*. While every effort has been made to ensure that the information contained in this document has been accurate and complies with relevant Victorian legislation, each Council remains responsible to ensure that the budget they prepare is compliant with all statutory requirements.

Mayor and CEO's Introduction

Each year we develop a budget that aligns with our Council Plan and Council Vision to provide amenities, facilities, and services to support the ongoing development of our community and economy.

The 2023/24 budget outlines funding allocations and has been drafted to meet community aspirations and expectations against a backdrop of tightening economic conditions.

This budget includes a 2.90% rate rise which is compliant with, but less than, the Victorian Government's Fair Go System rate cap of 3.5%. A rate increase is necessitated by the financial pressure on Council of rising inflation on goods and services for the delivery of community programs and projects and as such, officers recommended application of the full 3.5% increase. At the Scheduled Council Meeting on 26 April 2023, Councillors voted to reduce the increase to 2.9% in recognition of the cost of living pressures on rate payers.

In the last twelve months, inflation has outstripped the previous 2022/23 rate rise of 1.75%, by over four times. A budgeted rate rise for 2023/24 is needed to ensure fiscal stability in the ongoing provision of necessary services across the municipality. Officers will seek options to cover the reduced income from rates by looking for cost savings or revenue opportunities.

Rural City of Wangaratta's Capital Works Program of \$24.97m is outlined in this budget document. This program while significant, is reduced on previous years which have seen many significant community building projects undertaken and completed.

Major projects undertaken under this Capital Works Program will include Flood Mitigation Drainage to which \$3.9m has been allocated and \$2.53m received in grant funding, the Newman Street Drainage Upgrade to which \$3.8m has been allocated and \$3.38m in grant funding received, completion of the Wangaratta Sports and Aquatic Centre Extension of \$3.74m, Plant Replacement of \$2.62m, and Council's annual Gravel Resheeting Program of \$1.83m.

The total Renewal Expenditure budgeted is \$9.56m. Importantly this includes \$3.93m on road renewal and \$2.79m on plant and equipment renewal.

Rural City of Wangaratta maintains a network of sealed and unsealed roads covering 1,978KM, 446 bridges and culverts, 277km of walking and cycling track, 39 playgrounds, in addition to 150 council buildings and facilities, 96 sporting and playing fields, four waste transfer stations, 26 community halls, Wangaratta Art Gallery, Wangaratta Children's Services, Wangaratta Library, Wangaratta Livestock Exchange, Wangaratta Performing Arts and Convention Centre, and Wangaratta Sports and Aquatic

Rural City of Wangaratta will have an accounting surplus of \$9.26m, and an adjusted underlying operating surplus of \$92k.

The development of this Budget has taken into account our municipality's economic and social growth and needs while being fiscally responsible to provide the best future possible for our community to thrive.

1. Link to the Council Plan

This section describes how the Annual Budget links to the achievement of the Council Plan within an overall planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term, medium term (Council Plan) and short term (Annual Budget) and then holding itself accountable (Annual Report).

1.1 Legislative Planning and accountability framework

The Budget is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The diagram below depicts the integrated planning and reporting framework that applies to local government in Victoria. At each stage of the integrated planning and reporting framework there are opportunities for community and stakeholder input. This is important to ensure transparency and accountability to both residents and ratepayers.

Source: Department of Environment, Land, Water and Planning

Feeding in to the above, Council has a long term plan which articulates a community vision, mission and values. The Council Plan is prepared with reference to Council's long term Community Plan.

The timing of each component of the planning framework is critical to the successful achievement of the planned outcomes.

1.1.2 Key planning considerations

Service level planning

Although councils have a legal obligation to provide some services - such as animal management, local roads, food safety and statutory planning - most council services are not legally mandated, including some services closely associated with councils, such as libraries, building permits and sporting facilities. Further, over time, the needs and expectations of communities can change. Therefore councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works.

1.2 Our purpose

Our Vision

"We are an inclusive, courageous and compassionate community, who have built our future on a respectful balance between the urban and the rural. We are known for our natural beauty, access to opportunities and innovation, our resilience, and our community strength. We have a mature and healthy landscape that supports our wellbeing and forms a strong part of our identity. We are the place where everyone has the ability to engage, to prosper, to be supported, and to grow."

Our values

So that we can achieve extraordinary outcomes for our community we focus on the following values and behaviours as Councillors:

Leadership - We will show diligence and good governance when making decisions. We will accept responsibility for the consequences of those decisions.

Engagement - We will actively and openly consult with you. We strive to achieve effective governance and the best outcome for the community.

Respect - We will value the contribution and individuality of others. We aim to achieve an honest and healthy working relationship with all our citizens.

Progression - We aim to continually improve our performance. We strive for the highest standards and outcomes for our municipality.

1.3 Strategic objectives

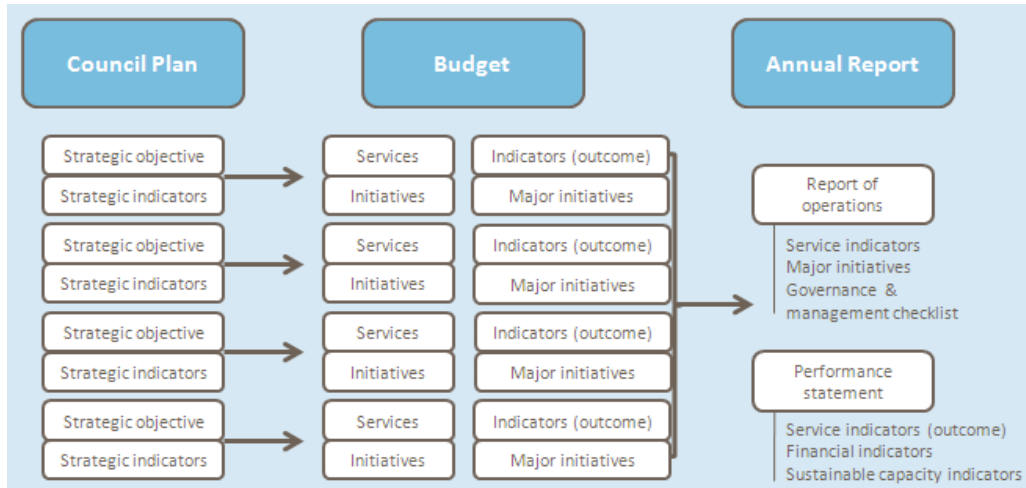

Council will deliver actions under six strategic objectives, contributing to the achievement of the Council Plan for the years 2021-2025. The following table sets out the five strategic goals as described in the Council Plan.

Strategic Objective	Description
Strengthening our Leadership	We are a responsible and compassionate community, committed to working together to build a future based on our collective needs and priorities. We use our local experiences and wisdom to drive strategic decision making, support our leaders and make sure the things that are important to us happen. We value transparent and meaningful communication – we discuss the difficult and uncomfortable, whilst also celebrating our good. We prioritise building strong relationships with each other, and with the organisations and groups that will help us ensure we have access to the resources and services we need. As a community we recognise that we are stronger, and more sustainable when we work together.

Strategic Objective	Description
Nurturing our Wellbeing	<p>Our people are our biggest asset, and everyone, at every age is an important and valued member of our community. We are committed to strengthening and creating opportunities for connection, creativity, and inclusion. We will open the door for everyone to local sporting, community and cultural initiatives that strengthen our collective sense of self and improve our wellbeing.</p> <p>The mental and physical health of everyone underpins how we build our communities, how we make decisions, and how we plan for our future. We protect ourselves and each other to ensure our homes and our connections allow us to become our best. We will work together to solve our own challenges, to support those in need, and to make our community safe.</p>
Valuing our Environment	<p>Our natural environment is part of our identity, our appeal, and our livelihood. Protecting and enhancing our natural assets are a critical part of what we value as a community, and we recognise that we need to work hard and courageously for our future. We know that ongoing education and strong environmental leadership are key to ensuring our positive impact.</p> <p>We have a collective responsibility to play a role in conservation, protection, and remediation of our environment. We prioritise minimising waste, champion renewable energy, actively respond to the impacts of climate change, and will enable the preservation of our surroundings. We will make decisions and take action to ensure the health and sustainability of our waterways, wildlife, vegetation, and landscapes. We know that what we do now, will ensure the strength of our environment for generations to come.</p>
Expanding the Economy	<p>We are a growing region with an expanding sense of opportunity, and we will capitalise on those possibilities for the benefit of all. Strategic economic development, revitalising key locations, establishing new industry partnerships and renewing our commitment to education and employment for young people are just the starting points. These initiatives, and others like them, will create new opportunities for local employment, create new social enterprises and facilitate a culture of innovation that will bring new people and businesses to the region.</p> <p>We value an economy that blends the rural with the urban. Our point of difference is how well we have done this. Our CBD is vibrant, interesting, and active and our rural communities are all uniquely prosperous and protected. We have a strong and sustainable future.</p>
Enhancing our Lifestyle	<p>For us, creating a liveable community means having the right balance. We love the feeling of being a country town, but highly value our ability to access services, events and opportunities that enhance our quality of life and bring us closer together. Together we are activating public spaces, increasing access to green spaces, and delivering a range of safe and welcoming amenities – like walking and cycling routes, that promote healthy living and enjoyment of the natural world. Reliable public transport is key to keeping our growing population mobile, so we are focused on improving the commuter experience. We will continue to acknowledge the Aboriginal and Torres Strait Islander culture that shapes our community and celebrate our diverse community through a range of cultural experiences.</p>
Growing with Integrity	<p>We know that our community is attractive and appealing to many people. We are accessible, affordable, inclusive, safe, and engaging and we have made it our priority to ensure we offer this to our new community members. Our planning puts people, families and community at the forefront of decision making and you can see that in the way our neighbourhoods, services and facilities have grown. We have welcomed new people, and they have become valued and integral members of our community.</p>

2. Services and service performance indicators

This section provides a description of the services and initiatives to be funded in the Budget for the 2023/24 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan. It also describes several initiatives and service performance outcome indicators for key areas of Council's operations. Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the Budget and report against them in their Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below.

2.5 Enhancing our Lifestyle

For us, creating a liveable community means having the right balance. We love the feeling of being a country town, but highly value our ability to access services, events and opportunities that enhance our quality of life and bring us closer together. Together we are activating public spaces, increasing access to green spaces, and delivering a range of safe and welcoming amenities – like walking and cycling routes, that promote healthy living and enjoyment of the natural world. Reliable public transport is key to keeping our growing population mobile, so we are focused on improving the commuter experience. We will continue to acknowledge the Aboriginal and Torres Strait Islander culture that shapes our community and celebrate our diverse community through a range of cultural experiences.

2.6 Growing with Integrity

We know that our community is attractive and appealing to many people. We are accessible, affordable, inclusive, safe, and engaging and we have made it our priority to ensure we offer this to our new community members. Our planning puts people, families and community at the forefront of decision making and you can see that in the way our neighbourhoods, services and facilities have grown. We have welcomed new people, and they have become valued and integral members of our community.

4. Notes to the financial statements

This section presents detailed information on material components of the financial statements.

4.1 Comprehensive Income Statement

4.1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's budget.

As per the Local Government Act 2020, Council is required to have a Revenue and Rating Plan which is a four year plan for how Council will generate income to deliver the Council Plan, program and services and capital works commitments over a four-year period.

In developing the Budget, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the financial planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2023/24 the FGRS cap has been set at 3.50%. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rate and the municipal charge will increase by 2.90% which is compliant with the rate cap.

4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

	2022/23 Forecast Actual	2023/24 Budget	Change	%
	\$'000	\$'000	\$'000

4.1.1(m) Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations (2023/24: estimated \$380,000 and 2022/23: \$293,000)
- The variation of returned levels of value (e.g. valuation appeals)
- Changes of use of land such that rateable land becomes non-rateable land and vice versa
- Changes of use of land such that residential land becomes business land and vice versa.

4.1.1(n) Differential rates

The rate and amount of rates payable in relation to land in each category of differential are set out above.

Each differential rate will be determined by multiplying the Capital Improved Value of each rateable land (categorised by the characteristics described below) by the relevant percentages (refer 4.1.1(b)).

Council considers that each differential rate will contribute to the equitable and efficient carrying out of council functions. Details of the objectives of each differential rate, the types of classes of land, which are subject to each differential rate and the uses of each differential rate, are set out below.

Type and Description

General

All land except where otherwise classified.

General rate – 100%: The objective of this general rate is to ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including (but not limited to) the:

- Construction and maintenance of infrastructure assets
- Development and provision of health, recreation and community services
- Provision of general support services.

Vacant General Land

Any land which:

1. is located within a General Residential, Neighbourhood Residential or Residential Growth Zone under the Wangaratta Planning Scheme; and
2. on which there is no building affixed to the land which is designed and constructed primarily for residential purposes and can lawfully be used as a place of residence.

Rating differential – 200%: The objective of the Vacant General Land differential rate is to encourage development of this class of property.

Rural Residential Land

Any land:

1. which does not have the characteristics of Commercial/Industrial Land; and
- 2.1 is located within a Rural Living 1 Zone, Rural Living 2 Zone, Low Density Residential Zone, or Township Zone under the Wangaratta Planning Scheme; or
- 2.2(i) is located within a Farming Zone or Rural Conservation Zone under the Wangaratta Planning Scheme and is less than 8ha in area,
- 2.2(ii) except where the land is a component of a single farm enterprise [as defined in Section 9A(5) of the Fire Services Property Levy Act 2012]; and
- 2.2(iii) is not less than 2ha; and
3. on which there is a building affixed to the land which is designed and constructed primarily for residential purposes and can lawfully be used as a place of residence.

Rating differential – 100%: The objective of this differential rate is to reflect that the reduced benefits received by this lower density property are reflected in property values, and therefore, no discounted rate should be applied.

Vacant Rural Residential Land

Any land:

1. which does not have the characteristics of Commercial/Industrial Land; and
- 2.1 is located within a Rural Living 1 Zone, Rural Living 2 Zone, Low Density Residential Zone, or Township Zone under the Wangaratta Planning Scheme;
- 2.2(i) except where the land is a component of a single farm enterprise [as defined in Section 9A(5) of the Fire Services Property Levy Act 2012]; and
- 2.2(ii) is not less than 2ha; and
3. on which there is no building affixed to the land which is designed and constructed primarily for residential purposes and can lawfully be used as a place of residence.

Rating differential – 200%: The objective of the Vacant Rural Residential Land differential rate is to encourage development of this class of property.

Rural 1 Land

Any land:

1. which does not have the characteristics of Commercial/Industrial Land; and
- 2.1 is located within a Farming Zone or Rural Conservation Zone under the Wangaratta Planning Scheme and is not less than 8ha in area; or
- 2.2(i) is a component of a single farm enterprise [as defined in Section 9A(5) of the Fire Services Property Levy Act 2012]; and
- 2.2(ii) is not less than 2ha.

Rating differential – 70%: The objective of the Rural Land differential rate is to recognise the reduced infrastructure investment and provision of services to this class of property.

Rural 2 Land

Any land:

1. which does not have the characteristics of Commercial/Industrial Land; and
- 2.1 is located within a Farming Zone or Rural Conservation Zone under the Wangaratta Planning Scheme and is greater than 40ha in area; or
- 2.2(i) is a component of a single farm enterprise [as defined in Section 9A(5) of the Fire Services Property Levy Act 2012], and when combined total an area greater than 40ha; and
- 2.2(ii) is not less than 2ha.

Rating differential – 65%: The objective of the Rural Land differential rate is to recognise the reduced infrastructure investment and provision of services to this class of property. This differential rate also recognises the land stewardship and amenity that large rural holdings provide to the rural landscape.

Commercial

Any land which is:

- 1.1 located within Mixed Use Zone, Industrial Zone 1, Commercial Zone 1-2, or Special Use Zone 1-4 under the Wangaratta Planning Scheme; and
- 1.2 is used primarily for commercial purposes or is obviously adapted or designed to be used primarily for commercial purposes; or
2. is used for commercial purposes or is obviously adapted or designed to be used for commercial purposes and is not the owner/s principal place of residence; or
3. is allocated an Australian Valuation Property Classification Code that correlates with the Commercial classification of the Fire Services Property Levy.

Rating differential – 138%: The objective of the Commercial rate is to recognise the benefits derived by this class of property including higher infrastructure investment and general support services.

Industrial

Any land which is:

- 1.1 located within Mixed Use Zone, Industrial Zone 1, Commercial Zone 1-2, or Special Use Zone 1-4 under the Wangaratta Planning Scheme; and
- 1.2 is used primarily for industrial purposes or is obviously adapted or designed to be used primarily for industrial purposes; or
2. is used for industrial purposes or is obviously adapted or designed to be used for industrial purposes and is not the owner/s principal place of residence; or
3. is allocated an Australian Valuation Property Classification Code that correlates with the Industrial classification of the Fire Services Property Levy.

Rating differential – 138%: The objective of the Industrial rate is to recognise the benefits derived by this class of property including higher infrastructure investment and general support services.

Vacant Commercial/ Industrial Land

1. Any land which is located within:

- Mixed use Zone
- Industrial Zone 1
- Commercial Zone 1-2
- Special Use Zone 1-4

under the Wangaratta Planning Scheme; and

2. has developed infrastructure and utilities available to it but in respect of which no commercial or industrial use of occurring; and
3. on which there is no building affixed to the land which cannot be lawfully occupied.

Rating differential – 200%: The objective of the Vacant Commercial/Industrial differential rate is to recognise the benefits derived by this class of property including higher infrastructure investment and general support services and to encourage development of this class of property.

General Vacant > Three Years

1. Any land which is located within:

- General Residential Zone
- Neighbourhood Residential Zone
- Residential Growth Zone

under the Wangaratta Planning Scheme; and

2. on which there is no building affixed to the land which is designed and constructed primarily for residential purposes and can lawfully be used as a place of residence; and

3. which has been vacant for more than three years at 1 July; and

4. which has not changed ownership for more than three years at 1 July.

Rating differential – 260%: The objective of the General Vacant > Three Years differential rate is to encourage development of medium to long-term unimproved residential property.

Mixed Use

Any land:

1.1 on which there is a building, at least part of which is used, designed or adapted for the carrying out of the manufacture or production of, or the trade in, goods and services and is occupied for that purpose; and

1.2 on which there is a building, at least part of which is used, designed or adapted as a principal place of residence and is lawfully occupied as such; and

1.3 both the part of the land which meets the requirements of subparagraph 1.1 and the part of the land which meets the requirements of subparagraph 1.2 is occupied by the ratepayer; or

1.4 where there is more than one ratepayer, at least one of those ratepayers occupies both the parts of the land which meets the requirements of subparagraph 1.1 and the part of the land which meets the requirements of subparagraph 1.2.

Rating differential – 119%: The objective of the Mixed Use differential rate is to recognise the benefits derived by this class of property including higher infrastructure investment and general support services when compared to the General differential category.

4.1.2 Statutory fees and fines

Other fees and charges	891	921	30	3.37%
Total user fees	11,294	11,988	693	6.14%

User Fees relate mainly to the recovery of service delivery costs through the charging of fees to users of Council's services. These include the use of leisure, entertainment and other community facilities and the provision of community services such as family day care and home help services. The setting of user fees is guided by the principles outlined in the Revenue and Rating Plan.

User fees are projected to increase by 6.14% or \$693k in 2023/24. Leisure centre and recreation fees have increased based on increased utilisation assumptions for 2023/24.

A detailed listing of fees and charges is included in Section 6.

Total capital grants	20,696	9,022	(11,674)	-56%
Total Grants	38,091	27,055	(11,036)	-29%

Operating grants and contributions include all monies received from State and Federal sources for the purposes of funding the delivery of Council's services to ratepayers. Operating grants are expected to increase in 2023/24 as the 2022/23 forecast includes 25% of the 2022/23 Federal Financial Assistance Grants, compared to the usual 50% in advance as a result of a Federal Budget decision. Non-recurrent grants are budgeted to decrease in 2023/24.

Capital grants include all monies received from State and Federal Governments for the purposes of funding the capital works program. Capital grants fluctuate year on year depending on the funding programs announced by the State and Federal Governments.

4.1.5 Contributions

	Forecast Actual	Budget	Change

Non-monetary	1,700	1,700	-	0.00%
Total contributions	2,025	2,352	327	16.15%

Monetary contributions relate to monies received from Developer Contributions and community sources for the purposes of funding the capital works program. Non-monetary contributions relate to assets that arise out of new subdivisions within the municipality and are vested with Council.

The level of monetary contributions expected for 2023/24 is \$652k which is an increase of \$327k or 100.62% compared to 2022/23, largely due to non-recurrent developer contributions expected to be received in 2023/24.

4.1.6 Other income

Other Income	235	304	69	29.32%
Total other income	1,325	1,158	(167)	-12.59%

Other income relates to a range of items such as private works, cost recoups and other miscellaneous items. It also includes interest on investments and reimbursements for emergency response and restoration costs.

Income from interest on investments is projected to decrease in 2023/24 by \$150k or 15% due to reduced cash available for investment and conservative assumptions regarding future interest rates.

Other	246	229	(17)	-6.75%
Total employee costs	29,540	30,208	668	2.26%

Employee costs include all labour related expenditure such as wages and salaries and on-costs such as allowances, leave entitlements, employer superannuation, WorkCover, etc. Employee costs are forecast to increase by 2.26% or \$668k compared to 2022/23 forecast. Salary and Wages have been budgeted in accordance with Council's 2018 Enterprise Bargaining Agreement 2017 - 2021 and include provision for the Superannuation Guarantee increase as at 1 July 2023.

The 2023/24 budget has been prepared on the assumption that Council has a full complement of staff to the approved FTE level.

4.1.8 Materials and services

	Forecast Actual	Budget	Change	
	2022/23	2023/24

Contract payments and other materials	4,449	3,376	(1,073)	-24.12%
Total materials and services	25,698	26,436	738	2.87%

Materials and services include the purchase of consumables, payments to contractors for the provision of services and utility costs. It is forecast to increase by 2.87% or \$738k compared to 2022/23 forecast.

This increase is a result of significant increases in material costs as a result of inflation and non-recurrent expenditure such as the implementation of Council's ICT Strategy, Tree Infill Program, Asset Data Collection and Event Attraction.

4.1.9 Depreciation

	Forecast Actual	Budget	Change	
	2022/23	2023/24		
	\$'000	\$'000	\$'000	%
Property	1,314	1,360	46	3.53%

Infrastructure	12,479	12,920	441	3.53%
Total depreciation	16,420	17,000	580	3.53%

Depreciation is an accounting measure which attempts to allocate the value of an asset over its useful life for Council's property, plant and equipment including infrastructure assets such as roads and drains.

Refer to section 4.5 for a more detailed analysis of Council's capital works program for the 2023/24 year.

The forecast increase of \$580k or 3.53% between 2022/23 and 2023/24 is a result of the recognition of additional assets constructed through the delivery of Council's capital works program.

4.1.10 Amortisation - Intangible assets

	Forecast Actual	Budget	Change

Other Expenses	52	152	100	194.44%
Total other expenses	468	563	95	20.37%

Other expenses represent payments to Councillors for allowances, payments for audit services and rate rebates.

4.2 Balance Sheet

4.2.1 Assets

Cash and cash equivalents and other financial assets include cash and investments such as cash held in the bank and in petty cash and the value of investments in deposits or other highly liquid investments with short term maturities of three months or less. These balances are projected to reduce between 2022/23 and 2023/24 as funds are used for the delivery of Council's operations and capital works program.

Trade and other receivables are monies owed to Council by ratepayers and others. Short term debtors are not expected to change significantly in the budget.

Other assets includes accrued income which is representative of revenues earned but yet to be received, these items are due to be received in the next 12 months.

Property, infrastructure, plant and equipment is the largest component of Council's worth and represents the value of all the land, buildings, roads, vehicles, equipment, etc which has been built up by Council over many years. The \$8.73 million increase in this balance is attributable to the net result of the capital works program, depreciation of assets and disposals through sale of property, plant and equipment.

4.2.2 Liabilities

Total current liabilities are expected to increase in 2023/24 compared to 2022/23.

Current liabilities represent obligations that Council must pay within the next twelve months. Unearned income reflects funds received by Council in advance of performing the associated obligation, for example grant funding for capital works.

Provisions include accrued long service leave, annual leave and rostered days off owing to employees and for landfill rehabilitation.

Interest-bearing loans and borrowings are forecast to decrease, reflecting repayment of borrowings. No further new borrowings are budgeted for in the 2023/24 financial year.

4.2.3 Borrowings

The table below shows information on borrowings specifically required by the Regulations.

	Forecast Actual	Budget
	2022/23	2023/24
	\$	\$
Amount borrowed as at 30 June of the prior year	30,378	27,722
Amount proposed to be borrowed	-	0
Amount projected to be redeemed	(2,656)	(2,667)
Amount of borrowings as at 30 June	27,722	25,055
Amount (of opening balance) to be refinanced	-	-

No new borrowings are proposed for 2023/24.

4.2.4 Leases by category

As a result of the introduction of *AASB 16 Leases*, right-of-use assets and lease liabilities have been recognised as outlined in the table below.

	Forecast Actual	Budget
	2022/23	2023/24

Total lease liabilities	263	111

Where the interest rate applicable to a lease is not expressed in the lease agreement, Council applies the average incremental borrowing rate in the calculation of lease liabilities.

4.3 Statement of changes in Equity

4.3.1 Reserves

Other reserves are budgeted to increase by a net \$9.92 million in the 2023/24 year. It is estimated that the waste and landfill reserve will have a balance at 30 June 2023 of \$22.58 million for future capital works and rehabilitation activities.

4.3.2 Equity

Total equity is budgeted to increase by \$8.86 million from 2022/23.

Total equity always equals net assets and is made up of the following components:

1. Asset revaluation reserve which represents the difference between the previously recorded value of assets and their current valuations.
2. Other reserves that are funds that Council wishes to separately identify as being set aside to meet a specific purpose in the future and to which there is no existing liability. These amounts are transferred from the surplus of the Council to be separately disclosed.

4.4 Statement of Cash Flows

This section analyses the expected cash flows from the operating, investing and financing activities of Council for the 2023/24 year. Budgeting cash flows for Council is a key factor in setting the level of rates and providing a guide to the level of capital expenditure that can be sustained with or without using existing cash reserves.

The analysis is based on three main categories of cash flows:

4.4.1 Net cash flows provided by/used in operating activities

Operating activities - Refers to the cash generated or used in the normal service delivery functions of Council. Cash remaining after paying for the provision of services to the community may be available for investment in capital works, or repayment of debt.

Council's operating cash flows are strong, with a reduction in materials and services payments in 2023/24 when compared to 2022/23 in addition to an increase in rates and charges as a result of the 2.9% rate increase.

4.4.2 Net cash flows provided by/used in investing activities

Investing activities - Refers to cash generated or used in the enhancement or creation of infrastructure and other assets. These activities also include the acquisition and sale of other assets such as vehicles, property and equipment.

Council's investment activities relate primarily to the capital works program which is expected to be \$24.96 million in 2023/24. Council plans to sell industrial land during 2023/24 with proceeds of \$400k (subject to qualified valuation).

4.4.3 Net cash flows provided by/used in financing activities

Financing activities - Refers to cash generated or used in the financing of Council functions and includes borrowings from financial institutions and advancing of repayable loans to other organisations. These activities also include repayment of the principal component of loan repayments for the year.

No new borrowings are planned for 2023/24. Borrowings are forecast to be required in the later forecast years to fund Council's capital works program. These borrowings are within the parameters of Council's financial policy statements in relation to indebtedness.

4.5 Capital works program

This section presents a listing of the capital works projects that will be undertaken for the 2023/24 year, classified by expenditure type and funding source. Works are also disclosed as the total 23/24 budget and the capital expenditure that is carried forward from prior year.

5a. Targeted performance indicators

The following tables highlight Council's current and projected performance across a selection of targeted service and financial performance indicators. These indicators provide a useful analysis of Council's intentions and performance and should be interpreted in the context of the organisation's objectives. The targeted performance indicators below are the prescribed performance indicators contained in Schedule 4 of the Local Government (Planning and Reporting) Regulations 2020. Results against these indicators and targets will be reported in Council's Performance Statement included in the Annual Report.

Notes to indicators

1. Satisfaction with community consultation and engagement

Local Government Victoria's annual community satisfaction survey compiles community feedback on councils in key performance areas. Community satisfaction rating out of 100 is 63. Is expected to remain steady.

2. Sealed local roads below the intervention level

As per The Australian Road Research Board's (ARRB) Best practice guide for sealed roads 2020 and the Best practice guide for unsealed roads 2020 (ARRB best practice guides), council survey their road network every two to five years, depending on the type of road, to collect road condition data. This data provides councils with insight on what roads they should prioritise for maintenance. Sealed Local roads below the intervention level in 2023/24 are expected to be same (97%) as in 22/23 Budget

3. Planning applications decided within the relevant required time

As per Planning and Environment Act 1987, council has a statutory requirement to decide upon planning permit applications within the required time.

4. Kerbside collection waste diverted from landfill

Weight of recyclables and green organics collected from kerbside bins as a percentage of the weight of total garbage, recyclables and green organics collected from kerbside bins. It is forecasted to increase from 70% to 77% by 2026/27

5. Working Capital

The proportion of current liabilities represented by current assets. Working capital is considered low risk according to the Victorian Auditor General Office

6. Asset renewal

This percentage indicates the extent to which Council's renewals against its depreciation charge (an indication of the decline in value of its existing capital assets). A percentage greater than 100 indicates Council is maintaining its existing assets, while a percentage less than 100 means Council's assets are deteriorating faster than they are being renewed and future capital expenditure will be required to renew assets. Council aims for an average of between 90% - 105% over ten years for this indicator.

7. Rates concentration

Reflects extent of reliance on rate revenues to fund all of Council's ongoing services. Trend indicates Council will become more reliant on rate revenue compared to all other revenue sources.

8. Expenditure level

Total expenses per property assessment. Assessment of whether resources are being used efficiently to deliver services.

9. Adjusted underlying result

An indicator of the sustainable operating result required to enable Council to continue to provide core services and meet its objectives. Council's financial performance is considered medium to high risk according to the Victorian Auditor General Office. Council's adjusted underlying result is steady over the Strategic Resource Plan years and work relating to improving Council's financial sustainability is ongoing, which aims to improve this indicator over the life of the Long-Term Financial Plan.

10. Unrestricted Cash

Council's unrestricted cash fluctuates with the size of the capital works program and the timing of debt repayments and new borrowings.

11. Debt compared to rates

Current forecast indicates Council's reliance on debt against its annual rate revenue due to borrowing for key infrastructure projects. The projected trend reflects the pay back of this debt.

12. Rates effort

Rate revenue as a percentage of the capital improved value of rateable properties in the municipality. Assessment of whether councils set rates at an appropriate level. Lower proportion of rate revenue suggests a reduced rate burden on the community.

13. Revenue level

The average residential rate revenue per property assessment. Assessment of whether resources are being used efficiently to deliver services.

2023/2024 Schedule of Fees and Charges

This appendix presents the fees and charges of a statutory/non-statutory nature which will be charged in respect to various goods and services during 2023/24.

Fees and charges are based on information available at the time of publishing and may vary during the financial year subject to any changes in Council's policy or legislation.
